NAAAPY'S RESOURCES for September

Dear Members,

Every Saturday, we **WORK WORK WORK**, all stimulated by a guest speaker on Zoom from 3 pm - 5 pm . Subscribe to our weekly email newsletter that updates you on the upcoming Calendar.

Then from 5 pm -7 pm at The Knowledge Shop LA , we work on the action plan for 2023 - 2024. This is not on Zoom for confidentiality reasons. NAAAPY members can join both meetings or just the virtual training via Zoom.

If you join the Strategic planning meeting we ask all our members to sign an NDA before participating.

THIS Saturday, September 2nd, from 3pm to 4pm the team at Global Dynamic

Savings Group will be joining us on Zoom! Giving our members at NAAAPY the opportunity to learn more about building privately owned Black/minority banks worldwide.

Meeting ID: *814 4564 8166*

Goal #	Description
7	Black Student Achievement Plan Implementation

An explanation of why the LEA has developed this goal:

The Black Student Achievement Plan (BSAP) was approved by the Los Angeles Unified Board of Education in February of the 2020-2021 school year. Funding allocations have been earmarked to address the longstanding disparities in educational outcomes between Black students and their non-Black peers. Dating back to the landmark case Brown v. Board of Education of Topeka, in which the U.S. Supreme Court declared that segregated schools were unconstitutional, favorable outcomes for Black students and their communities continue to fall below District and national averages of their non-Black counterparts. The general trend of Black student underperformance and the implications for full societal participation paired with the current landscape of local and national advocacy for racial equity have served as the impetus to implement and monitor the Black Student Achievement Plan.

The BSAP addresses the need for culturally responsive curriculum and instruction as the classroom norm, fosters partnerships with community based organizations with proven track records of success within the Black community, and provides increased staffing support to address the academic and socio-environmental needs of Black students.

The creation and implementation of this plan is a joint effort shared across Los Angeles Unified and our community partners. We will hold each other accountable for the realization of the Black Student Achievement Plan. The plan will serve as a dynamic document with adjustments made based on responsiveness to Black students, parents and their communities. Adjustments will be made based on formative and summative data. This LCAP goal has been established to increase progress monitoring transparency of the BSAP.

Note that the Measuring and Reporting Results section below reports data and targets for all Black students in Los Angeles Unified as determined by the relevant District teams (for example Student Health and Human Services determine the overall target for Black student attendance in Los Angeles Unified). In addition, this section also reports data and targets set by the Black Student Achievement Plan team for BSAP Cohort 1 and Cohort 2 schools.

- Cohort 1 schools account for 32% of the total District Black student population and were designated for the highest level of BSAP program support based on the following criteria:
 - 200 or more total Black student enrollment with 1 or more high need flags and English/Math proficiency below District average;
 - 100 - 199 total Black students with 2 or more high need flags and English/Math proficiency below District average; or
 - Hamming Education for Equitable Transformation (HEET) schools and City of Angels.
- Cohort 2 schools account for 28% of the total District Black student population and were designated for a secondary level of BSAP program support based on the following criteria:
