

NAAAPY

The National Association of African American Parents & Youth

Weekly Community Update

Thank you to all members that attended Saturday's presentation if you missed the Zoom, the video recording link is below.

The Formula

Example: District X has 10,000 students. Of these students, 60% are high-need (low-income, English learners, and foster youth). In year YYYY, the base grant amount is \$8,000.

40% of the students are not high-need. These 4,000 students each generate no additional funding.

20% of the students are high-need. These 2,000 students each generate supplemental funding. The district has 5% more high-need students than the 55% threshold. These 500 students each generate additional concentration funding.

Category	Student Count	Base Grant	Supplemental Grant	Concentration Grant	Total per Student
Non-high-need student	4,000	\$8,000	\$0	\$0	\$8,000
High-need student up to 55%	2,000	\$8,000	\$1,600	\$0	\$9,600
High-need students over 55%	4,000	\$8,000	\$1,600	\$4,000	\$13,600

Thank you to Victor and Nicole for giving up their Saturday to present to us.

View their Powerpoint Presentation, used in the recording.
