The B.E. F.R.E.E. creator himself!

Carlton Porter has been hard at work over the past couple of months, planning and developing the BE FREE concept for our Black men.

Carlton believes that not enough is being done for the Black men of today, in essence... they are becoming extinct and always seen in a negative light. BE FREE is a day of expression out of the voices of the Black men themselves, giving them the opportunity to speak for themselves.
